WHAT WE DO

Alternatives for Youth (AY) provides substance use treatment services for children and youth ages 12–22 years, and those who care about them. Our services include substance education, assessment, individual, group, and family treatment.

WELCOME

We recognizes that treatment for youth must consider their cognitive, emotional and social development and be aware of the impact that alcohol and other drugs have on the normal transition to adulthood.

The philosophy of AY is that treatment must be customized to meet individual needs and respect client choice.
